A long time ago, there lived a kind man named Noah. One day, God gave him a special mission: to build a huge wooden ark, because a great rain was coming. Noah trusted God and got to work!

Noah gathered wood, tools, and plenty of determination. With the help of his family, he built a gigantic ark! People watched with curiosity as this enormous vessel was constructed far away from the sea.

When the ark was finished, something wonderful happened! Animals of all sizes began to arrive. Elephants, giraffes, lions, zebras, and little birds all entered the ark, just as God had instructed Noah.

Noah, his family, and the animals went inside the ark. Then, the rain began! It rained for forty days and forty nights. The waters rose, covering the land, but the great ark floated safely.

Inside the ark, Noah and his family took care of the animals. There was food, a place to rest, and many different sounds! After a long time, the rain stopped. Noah waited patiently as the waters receded.

Noah sent out a little dove to see if the land was dry yet. It returned carrying an olive branch in its beak! What joy! It was a sign that the waters were going down and that life would flourish once again.

Finally, Noah, his family, and the animals stepped out of the ark. God placed a beautiful rainbow in the sky as a sign of His promise. Everyone was able to begin a new life, filled with gratitude, hope, and joy!
